Aurora Youth Options Mentor Program Overview

The Aurora Youth Options (AYO) Mentor Program is focused on supporting youth to be successful, living up to their full potential, and thriving. To achieve this goal, AYO offers youth a strong one-to-one mentoring relationship with a caring adult volunteer. In addition, the program offers youth life skills development, referrals to pro-social activities and services within the community, coaching and relationship support guidance from our qualified staff, and monthly program support. As a mentor in the AYO program, you will learn to support your mentee with the Thrive Model of Positive Youth Development and will offer a youth a Supportive Relationship with Safety and Structure (information on these evidence based practices can be found on the following pages). AYO believes youth who believe in themselves and are properly supported will accomplish the 6 C Outcomes. A mentor seeks to help youth see and understand their individual potential and feel comfortable growing where they are planted.

AYO Mentoring Life Skills Program

The AYO Mentor Program works to offer youth an environment where life skills can be discovered and practiced. To further support the match relationship, AYO offers the match intentional conversation starters and skill-building activities to strengthen the relationship and promote life skills learning.

As a mentor you are asked to engage with your mentee in the Life Skill Conversation each month. Life Skills Conversation can come in many different forms such as several questions to start a conversation, an engaging activity or resources to explore together. Each month AYO will provide a topic and suggested conversation. Feel free to adjust the conversation to the needs of your mentee and incorporate your own knowledge and experiences.

Mentor Resource of the Month

Every month, AYO Mentor Specialists will be sending you a resource of the month along with your monthly feedback and life skills conversation. This resource will be on a topic where we find mentors often need extra support from us. Topics will include things such as social media, mental health challenges, substance use, bullying, and more. These are not conversations you need to be having with your mentee, simply resources and information for you so you can best support your mentee!

Activities

AYO supports matches and life skill development by hosting activities for matches to attend or sharing about opportunities in the community. Each month you will receive invites and ideas to support you as you plan your meet ups. Your mentor specialist is happy to help find the right activity for you and your mentee!

Volunteering

AYO has experienced and research shows the impact that volunteering has on young people. We strongly encourage matches to volunteer together once a year. For specific ideas of where/when to volunteer, please visit AYO's website or contact your mentor specialist.

Homework Help Program (HH)

AYO's free HH Program offers youth a weekly prosocial environment to receive academic support. There are volunteers on hand to help in any subject area. Feel free to drop into a session with your youth. HH is offered every Wednesday at our office: 1298 Peoria St., Aurora CO 80011 from 4-6pm.

Matching Information

Matches are based on **personality traits, interests and commitment**. It is obvious that the people we feel comfortable around are those with whom we feel we have a connection. People with whom we feel we have a connection are the same people with whom we naturally form and develop a bond. For this reason we ask all mentors and mentees to share information about their interests and skills and to take a simple personality assessment at the time of their interview. Every effort is made to match you with a youth that may have similar interests and personality traits.

Some matches are better for different people for different reasons, even if they have similar interests and personality traits. It is important to remember that all relationships take effort, time and commitment.
